National Single Window

OVERVIEW OF NSW

- Definition: The NSW is a facility that allows parties involved in trade and transport to lodge standardized information and documents with a single-entry point to fulfill all import, export, and transit-related regulatory requirements. For information submitted electronically, individual data elements shall only be submitted once.

OVERVIEW OF NSW

- Cambodia NSW implementation is divided into 3 Phases:

  - Phase I: Connect the E-CO to exchange with ASEAN Member States.

  - Phase II: Enable importers, exporters, agents, and carriers to apply for licenses, permits, certificates, master lists, and other documents (LPCO) or submit cargo-related information in a single-entry point, online and in a timely manner.

 - Phase III: Implement the full National Single Window.

ASW KEYS ACHIEVEMENTS AND ACTIVITIES

- Cambodia joint the live operation of the ASEAN Single Window as the 7th member states on 1st July 2019 to exchange the ATIGA e-Form D (Certificate of Origin)

- In December 2020 Cambodia, Myanmar, and Singapore are the first three member states to join the live operation of the ASEAN Customs Declaration Data (ACDD)

ASW – WAY FORWARD

- Enhance the exchanged-ready documents; such as cancellation, generic query, exchange documents inside the common headers

- In preparation for the exchange of the e-SPS certificates (e-Phyto, e-Animal Health, e-Food Safety, …)

- In the interest to leverage the benefits of the ASW and to expand external relations with Dialogue Partners, the ASEAN Single Window Steering Committee (ASWSC) agreed to invite all interested Dialogue Partners (DPs) to the ASWSC Meetings to discuss about the exchanges of trade-related documents.
